RE: George Trimis

Dear Judge Pratter:

I am a personal friend of George Trimis, and I have known him since 1996. I have also worked for him in a legal capacity early in my legal career when he asked me to draft an agreement. He has asked me to write you as a character reference, which I am very happy to do. I am writing this personal character reference for him because I have found him to be hard working, forthright, honest, meticulous and diligent. I find him to be an honest man of integrity who keeps his word.

I do not know what this case is about, however I do know the man. George has always been there for me when I needed him. He supported me when I was getting married, and he was present when my only child was born. I hope to see him there for me well into my old age.

I hope that this letter sheds some light on him and may be of use to you in the event that you should ever come to question his honesty, integrity or character, and please feel free to reach out to me if I may be of any assistance. I remain,

Very truly yours,

  
Peter G. Stavropoulos, Esq.

Most Honorable Judge,

My name is Martine Lallouz. I have known George Trimis for over a year. I met George through mutual friends.

During this very difficult time for him, I have gotten to know a man that has very strong family values. Although his situation was not the best, he was continually concerned about his father, mother, son, and sisters as he has been their support and provider for a very long. His concern was sincere and heartfelt.

He is very respectful of rules, and continuously impressed me as he complied at all times with those set upon him.

I have only seen a very caring, respectful and honorable man in George.

Mr. Trimis asked me to write a character reference letter, but the truth is that I was already planning on doing so before the request. I feel strongly about Mr. Trimis, and about his future, and I want to try to make you feel the same way.

Mr. Trimis is a person of good moral character. I realize that might seem hard to believe, given the circumstances, but it's true nonetheless. I have known Mr. Trimis for over 8 years, and in that time I have seen him go through ups and downs, but all the while I have been convinced that he is a decent person at the core. Honorable Judge,

When I found out that my friend Mr. Trimis was in trouble I asked what I could do to help out, and he asked that I write a character letter. I'm very happy, indeed, that at this difficult juncture of his life I'm able to help him even in such a small way.

Mr. Trimis is a successful businessman and a loyal friend. I've known him for about twenty years and though he had spent many years outside of the US, I always thought he was just a phone call away. Mr. Trimis believes in love and he believes in God, and as a child of God he means well toward people and any form of life. He's a great father, employer and friend. He's very smart and has a keen sense of life's events and realities. Though he's very successful in business, he's also very modest and humble. Mr. Trimis makes people around him feel important. He's a pleasure to hang out with, as he's a man of the world and at the same time a man of the house next door. He's a man who keeps his word and a man of honor. He is a man of integrity and passionate about his work.

I'm really sorry that he's in trouble and pray that all that is against him will go away and my friend, George Trimis, will be able to get back to his life and continue the good work for his family, friends and employees again and again, as he best knows how.

Thank you for your time and consideration.

HONORABLE JUDGE,

It is with honor that I address you from Athens, Greece, as the mother of Mr. George Trimis. My son was implicated in the legal case with which you are entrusted, due to unfortunate circumstances and mishandlings, but he is a person of many virtues. He is an upstanding and hard-working man who worked hard in his life to survive in a foreign land. Not only did he survive, but through his business activities in construction, he was able to give work to many families. And this is not just it. With the father's precious help, his son was able to study finance and law. Also, he has been very kind to us, his parents, and supported us through difficult times, never losing us out of his sight although he lives on the other side of Atlantic Ocean.

As his mother, with pain in my heart, I ask that you show leniency toward him and do what's best for him.

RE: Character reference for Mr. George Trimis.

Dear Honorable Judge Prater:

I have known George Trimis about 20 years. First time I met him on an interview when he was President of T-Enterprises, Inc. It was my first work in New York area and I had no knowledge or experience working in such area after my emigration from former Soviet Union.

From day one I felt extremely supportive environment and close attention from Mr. Trimis helping me to adjust myself in my new life status. George Trimis gave me and other employees the real opportunity for starting new life. He was always very patient, supportive and kind to all of us helping in any issues either working, or personal. There were people from different parts of the World in our Company – from Northern Africa, Turkey, Poland, Middle East, Caribbean Islands, and Greece. Everyone was treated as family members.

I spent many years working under George Trimis' ownership or/and supervision, and I can say - It was the best and most useful time for my working experience in the United States.

I hope that my letter will help you to make judgement of George Trimis as kind, helpful, supportive and thoughtful person.

Sincerely,

Honorable Judge,

My name is Sofoklis Ravis and I am a childhood friend of Mr. George Trimis. I have known him a good long thirteen years now. In the many years that I have known Mr. Trimis, he has been an extremely genuine person and a true friend. I met Mr. Trimis for the first time, back when we were in the seventh grade and ever since we have been the closest of friends. Mr. Trimis has always amazed me with his calm and composed nature. In all these years I have never ever seen him lose his temper or even raise his voice with anyone. He truly cares about people whether they are family, friends or anyone else.

Mr. Trimis has always been a very honest and a generous man. I have seen him do his work with great passion and integrity. As a friend Mr. Trimis has always been there for me and for all of our friends. Mr. Trimis believes in pursuing his passion and I have seen him work really hard towards it. Mr. Trimis has been that one person I know personally who has never compromised with his principles and beliefs just to get any of his work done. Mr. Trimis is an extremely well brought up and well behaved person and I can vouch for it, because I have grown up with him all these years. I call a spade, a spade and I truly believe Mr. Trimis is definitely one of the few selfless and loving people I have come across.

We cannot know anyone in a short span of time, but here I am confidently talking about, because nobody can pretend for years. I would never tolerate anyone being disrespectful to me, but Mr. Trimis has always respected me as a man and treated me well. I adore the qualities in Mr. Trimis and respect him as a friend. I have only seen him grow as a person.

I know it is difficult to make decisions about a person that you don't know. I hope that you will take my letter in account and see that Mr. Trimis is a kind, helpful and a decent person.

Thank you for your time and consideration.

Kind Regards,

Dear Judge Pratter:

I write on behalf of my friend, George Trimis, whom I have known since 2000 when we both bought apartments in a newly developed building on Third Avenue in Manhattan— a decision we both came to regret as the developer mis-represented just about everything he could to the buyers and erected a shoddy building with substandard materials. We condo owners banded together to compel him to remediate the problems. It took six years, a lawsuit and hours of volunteer time, but we finally succeeded. He's now out of business and the building is whole. We both moved on for different reasons, but the current owners enjoy the fruit of our labors.

In 2003, due to a change in my circumstances, I became a real estate agent. George was particularly kind in sending business my way at an early stage, and since then I have had many occasions to collaborate with him on listings all over the city. It meant a great deal to me that George was willing to give me a chance to prove myself. As you probably know real estate agents and property developers are considered only slightly higher than used car salesmen on the scale of respect for professions. Despite that, I would like to think that I have high ethical standards. I can say that certainly in all my dealings with George Trimis, he has exhibited nothing but the highest standards himself.

When you work with someone for a period of years, particularly in real estate, you get to see the underbelly as well as the façade. I don't find any difference between the two in George, and I am grateful to have him as a friend and colleague. I know him to be honorable and upright. I am happy to

be in a position to write a character reference for him, which I do unreservedly.

Honorable Judge Gene E. K. Pratter  
United District Court for the Eastern District of Pennsylvania

Honorable Judge Gene E. K. Pratter,

It is with utmost respect that I'm writing to you in defense of my friend Mr. George Trimis. I have known George since he was in Greece as I have been a friend of his family. Over the many years, I have followed George from when he was a young and aspiring man who wanted to conquer the world. And he did, due to his hard work - never skipped a step - and intelligence. I admire him for he began with nothing and made himself a reputable business entrepreneur. I admire him also because he never forgot his moral obligation to his parents and family back home. He never cut his ties off but helped any chance he got.

On a personal level, he has been a wonderful friend to me and my family. He makes sure to keep in touch even though he travels the world around. His family and friends mean everything to him. His outer shell is very hard, but his heart is very soft and tender. He does not let people know what he's really made of unless he trusts them. I'm of the few ones to know George inside out and I love what I see. In my heart I know that if I ever needed something, he would lend a helping hand, no matter what the need.

I'm not sure I understand the legal issue in which he's implicated and don't think I will understand it anyway, but I'm writing to you to plead to your kindness and ask that you try my friend George with leniency. He's a very good man at heart and he has done a lot of good in the business and in the world. The world needs good people like him, who believe in God with their heart and do good. Please, give him his life back so that he can move on and continue the good work. I trust that you will never regret it.

May God bless and guide you.

Dear Honorable Judge Pratter:

My name is Albert Harvy. I have known Mr. George Trimis for over 23 years, as a friend as well as having done business with him.

My wife Stella and I became very close to George. We have socialized with him and his girlfriend on many occasions. We both enjoyed his company, as he is always in good mood and very up and up with his friends.

From a Business perspective, George has always acted in the most professional way.

He is always ready to help others, especially in the Greek community, and unfortunately it has backfired on him.

I know for a fact that he takes care of his mother in Greece and has supported his son, to whom he has ensured a triple A education.

I found George to be very reliable and motivated in whatever goals he sets for himself, business wise or personally. He continually strives to improve his personal character.

My wife and I really feel for him, in what he has gone through in the last 12 months, whether he made a mistake or not.

We hope that your honor will make the right decision for this man who is a very kind person.

## COSMETIC DERMA MEDICINE MEDICAL GROUP

The Honorable Judge Gene E. K. Pratter  
United States District Court for the Eastern District of Pennsylvania

Athens 11<sup>th</sup> July 2016

Dear Honorable Judge,

I am Anastasios Vekris, MD, I am a Plastic surgeon, founder, owner and CEO of Cosmetic Derma Medicine Medical Group, which is a medical establishment located in Athens, Greece.

I am addressing this letter to You as to testify my opinion on and knowledge of the character of George Trimis.

I am also writing this letter on behalf of my wife Dr Amalia Tsiatoura, MD.

We have known Mr. George Trimis for the last 5 years. We first met George as a patient, who was referred to us for a hair loss problem he suffered from. Soon after we first met him we became very good friends. Since we have first met George we found out that he is a very friendly and warm person, caring for his family and friends and the Greek society in general.

In several occasions he did not only assist us in our practice by referring many of his friends and family to our clinic, but, to our surprise, we realized that he was covering the full cost of treatments provided by our clinic to the referred patients. He did so for close family members like his son, Panayiotis and his sister and for several personal friends of his.

The more we got involved with George as friends we realized that, without drawing attention to his name and without asking for any publicity or recognition for his efforts, he was actively supporting several charities both in Greece and in the United States, namely in the fields of education of underprivileged children, church charities and he supported poor families.

We have no doubt that if George Trimis is in the position to do so in the future, he will not hesitate to carry on his charitable activities and his generous contributions, not only to close family and friends, but also to unknown, underprivileged persons of our society. His good

heart and kind personality guarantee that George was, is and will be in the future a valuable asset for both the American and Greek Society.

I expect that you find this information useful and I assure to remain at your disposal if you need any further assistance.

To: The Honorable Judge Gene E. K. Pratter,  
United States District Court for the  
Eastern District of Pennsylvania,

Your Honour,

I am delighted to write a character reference for Mr. George Trimis who I have the pleasure and the honor to call a friend for the last 15 years. I am also aware and dismayed with the distress he is facing due to this ongoing litigation. I would like to extend to you my request to take this letter into account when making your crucial decision.

George Trimis is a remarkable person with outstanding generosity. He genuinely enjoys helping people and expects nothing back. Many times I had the opportunity to witness the giving nature of his personality and how his altruism brought a positive change into people's lives. He is full of respect and compassion and truly enjoys helping people.

George sincerely cares for individuals regardless of their cultural and socio-economic background. He is a man of integrity and honesty in an old-fashioned way, like when those accolades always tracked one's character and actions. George Trimis is a self-made individual that appreciates the values of honest hard-work, professionalism, duty and responsibility. Knowing him for so long I can attest to the dependable, reliable and conscientious nature of his personality.

I have absolute trust in our legal system and the people who serve it; I hope this letter offered you some service in the arduous process of making a just decision about a person of genuine integrity and honesty.

Yours faithfully

Dear Honorable Judge,

I am addressing this letter to you following the request of Mr George Trimis and under my capacity as Solicitor and Greek Lawyer who happens to know Mr Trimis both socially and professionally for period of approximately 15 years.

I would therefore like to make you aware that to the best of my knowledge, Mr George Trimis is a person of integrity, honesty, good character and ethos both in his social and business affairs.

During the past 15 years, my flawless professional cooperation with Mr Trimis evolved to friendship, as I realized that he is a giving, good and open hearted person but also professional and high flyer, who may unfortunately though sometimes could have been exploited by others and especially women due to his 'giver' type personality.

I could write pages about Mr Trimis abilities, good soul and correctness but I believe the above are enough to assist you in forming your esteemed opinion as close as possible to the real facts about his personality.

Re: George Trimis

Dear Honorable Judge Pratter,

I am writing this letter as a character reference for George Trimis, whom I have known for the last 13 years, both as a patient, and as a friend.

I have cared for his cervical spinal and lumbar spinal problems, and guided him through periods of depression and anxiety.

I have kept communications with him over the years and see him as my time allows. He has impressed me as a very honorable person, generous and caring for his family and for his friends and employees. I have met his son in the past, who turned out to be a very fine young man. Mr. Trimis brought his aunt from Greece to see me several years ago. She was suffering with a yet undiagnosed progressive neurological condition, which turned out to be amyotrophic lateral sclerosis (Lou Gehrig's disease). He not only paid for her visit and for her medical care here but he also visited her there frequently and he stood by her through her 2-year debilitating terminal illness: Comforting her and her husband and providing psychological and financial support.

George Trimis has impressed me as a kind and caring person and I have no hesitation in vouching for his good character.

I hope that this letter assists you in formulating an opinion of Mr. George Trimis.

Sincerely,

  
Andreas Neophytides, M.D.

Honorable Judge Gene E. K. Pratter,

Dear Honorable Judge Pratter,

I am writing to express my sincerest opinion of Mr. George Trimis.

I have known him for about 15 years, since I was a high-school student in Athens, Greece. We were introduced through my parents and I believe that since I met him he has done his very best to better me in many aspects of my life, being a mentor and a good friend. I consider him a close friend despite our age difference and one that will always be supportive to me and mine, even to his own detriment.

I honestly believe he has helped me by being a close friend who I can trust and confide in, a person who essentially helped me become more confident in myself and assist in my weight loss journey, as I suffered from being overweight and insecure growing up. His guidance in many matters has been tremendously helpful and has been essential in getting me to where I am in life.

Very few people have spent as much time as I have with him in the past 15 years; I have spent time working for him, vacationing together, playing sports and many more. From all of our time spent together, I can safely say that he has positively influenced my life almost as much as my parents, my wife and my brother.

I understand you are about to make an important decision about Mr. Trimis's future and I hope you take my points into consideration.

Kind Regards,  
John Mouloupoulos

Re: Letter of reference for Mr. George Trimis

Dear Honorable Judge Pratter;

It is with great pleasure that I write this letter to accent the good character of my friend of over 20yrs, George Trimis.

George actually hired me as a consultant to work in his construction company in 1993 till 1995. I am an Architect and an Estimator. I found him to be civil and professional to me even in those years in spite of the pressure of winning and losing bids for new construction work. Our employer/employee relationship grew into friendship from onset and continued till today. I know him to be trustworthy. This is why I am obliged to write this letter.

Over this period that I know him, George and I have treated each other with mutual respect. I know him to be a man of honor and moral standard. I have not witnessed any mistreatment of me or anyone that could have tainted his character in my site. He rates highly as regards to moral standards in my opinion.

Please do not hesitate to reach out to me in respect to this letter and my friend, George Trimis.

Sincerely,

Dear Honorable Judge Pratter,

My name is Maria Trimi and I am writing this character letter for George Trimis, my half-brother by our father. Growing up in different environment did not stop us from creating a strong bond which gets stronger as time goes by. So, as you understand I have known him all my life and despite the fact that we are from different mothers, he has always been a source of inspiration to me throughout my life.

George is a caring and thoughtful person who has always been there for me whenever I have asked or needed his help. He is there for every one of us, including family and friends. He has never failed to help in any medical problem of our father or my mother even when away. George is a person whose morality and ethical responsibility are his driving forces. Not only is he reliable but he also strives to do his best at everything he does, improving himself constantly. I admire my beloved brother for that as I try to follow his example every day and I do realize that being hard working and dedicated (as he is) is difficult at times. The advice and support that I have been given concerning my work, family and the upbringing of my children, have helped me to overcome successfully any difficult situations I have encountered throughout the years.

I truly understand how hard it might be to see George through my eyes, but I can only assure you that he is as I have described him. If need be, do not hesitate to contact me for any further assistance.

Sincerely yours,

Maria Trimi

Honorable Judge,

My name is Sofoklis Ravis and I am a childhood friend of Mr. George Trimis. I have known him a good long thirteen years now. In the many years that I have known Mr. Trimis, he has been an extremely genuine person and a true friend. I met Mr. Trimis for the first time, back when we were in the seventh grade and ever since we have been the closest of friends. Mr. Trimis has always amazed me with his calm and composed nature. In all these years I have never ever seen him lose his temper or even raise his voice with anyone. He truly cares about people whether they are family, friends or anyone else.

Mr. Trimis has always been a very honest and a generous man. I have seen him do his work with great passion and integrity. As a friend Mr. Trimis has always been there for me and for all of our friends. Mr. Trimis believes in pursuing his passion and I have seen him work really hard towards it. Mr. Trimis has been that one person I know personally who has never compromised with his principles and beliefs just to get any of his work done. Mr. Trimis is an extremely well brought up and well behaved person and I can vouch for it, because I have grown up with him all these years. Dear Honorable Judge

I am happy to provide this letter of character reference for my friend, George Trimis

I met him over seven years ago when I was about to retire from a very successful corporate executive career at a global multinational firm. I am now 67 years old and during my career , I have come across and interacted with multitude of individuals around the globe.

I have known George for this last decade on a personal basis . We have shared a lot time with each other , together with many of my friends and family , in and outside the US.

Our interactions with him have always been enjoyable because he is one of most truthful and astute characters that I have met. I consider a very trustworthy and dependable person.

My family and I regard him as a kind and loving person who is willing to help and support his friends and associates at any time in times of need , emotionally and spiritually.

He has always been a pillar of righteousness for anyone that had come to him for personal advice.

Time and again directed everyone around him, friends and family alike, to live a simple honest law-abiding life and be good tax paying citizens.

He has always gone out of his way to proactively and selflessly address the concerns and be supportive of the local community in which he has lived, especially the disadvantaged youth or the less fortunate folks around him.

He is a true gem of a character and genuine person, a real friend who is kind and caring and a man of good principles.

Please accept this letter in the kind consideration of George Trimis.

Dear Honourable Judge Gene E. K. Pratter,

I am very contented to write a reference for George Trimis. I have known him personally for the last nine years as a family friend.

During the years I have known him I am highly impressed about his zealous nature and his readiness to help others.

I have known George to have been concerned about the activities around his family and friends. George possesses a great deal of social responsibility and is consistently attempting to do the right things. On a more personal experience, George has been one of the small number of people that has helped myself and my family go through some of our roughest moments. It was at this time when good friends and family are needed, but not everybody would rise over the expectations and really be there as a shoulder to lean in in your time of need. It was then that you could notice George's real nature, he was there every step of the way till we could get our feet up again.

George has showed his genuinely kind and thoughtful nature and has shown this in many occasions to all that have known him, it is when one does not have a personal profit when his real nature will show, and George has always risen above expectations and done the right and ethical thing.

I am well aware that it is difficult to make a decision about an unfamiliar person; I expect this letter will help you in the process of making the right decision about a kind and thoughtful person such as George.
